The right hat for the right price—Ledbetter Millinery Co.

Our schools opened here at nine o'clock Tuesday morning with a Flag Raising on the school grounds. The flag was presented by Mr. C. R. Pratt, president of the school board, with a few introductory remarks. There was a short patriotic address of about 20 minutes each, given by Dr. H. A. Smoot, pastor of the First Baptist church, and D. H. Cameron, editor of the Lead Belt News, which were very interesting. As the flag was being raised the school children sang "The Star Spangled Banner." They also sang several other patriotic songs during the program. The program was closed by Lieut. W. E. Benick standing on the Auditorium steps leading the children in yells of a patriotic nature. Things of this kind will be long remembered by the children as well as others.

Mrs. Chas. Gorda, whose husband is now in France, and who is making her home with her father, Barney Frye, living in Crawley Bottom, attempted to take her life Monday evening by drinking carbolic acid. She and her father's sister, Eva Frye, had started for St. Louis against the wishes of the father and were at the station when he learned this and followed them. On seeing him they jumped through a window, attempting to escape, but the father brought Mrs. Gorda back to his home and fearing he would cruelly punish her she ran and drank the carbolic acid. She had threatened her life before but the family didn't think she was in earnest. It was at first thought she couldn't live but now there are hopes for her. She is only 17 years old.
